

Make Your Own 3D Drainage Basin!

Instructions

1. Carefully cut around the drainage basin diagram.
2. Fold along the dotted lines.
3. Colour the rivers blue.
4. Colour the rest of the land green.
5. Add a small town or city to the river near the sea.
6. Fill in the boxes with the key words.
7. Stick point X to point Y.
8. You have a 3D drainage basin!
