

Traffic Trouble Extra Challenge

I can read, write and plot co-ordinates on a 2D grid.

I can describe a translation of a coordinate using the vocabulary left/right and up/down.

Use the Twinkl Town map to answer these challenge questions:

1. Translate the post man to his post van in more than 20 side squares:

2. Translate the policeman to his police car in six moves:

3. Find the shortest route to translate the fireman to his fire engine:

4. Find the longest route to translate the bin woman to her bin wagon:
