Translation *Clothing and weather. Cut out the words. Glue the words under the drawings.*

• *Cut out the dominoes and play the game. Teachers' note* This activity combines the topics of clothing and weather. You may wish to enlarge the sheet before giving it to the children. When playing dominoes, the children should match up the weather with a suitable item of clothing, and place the dominoes in a line or a circle. Some dominoes can go in more than one place.
