Policy for Educational Visits 2022

Written and agreed by staff: 30th November 2022

Adopted by Governors: due to be adopted 24th January 2023

Review: November 2025

Buckstones Community Primary School

Educational Visits Policy

Introduction

All schools are required to offer children a broad and balanced curriculum that promotes their spiritual, moral, cultural, mental and physical development, and prepares them for the opportunities and experiences of adult life.

At Buckstones we seek to ensure that the National Curriculum 2014 is delivered to all children, regardless of social background, race, gender or differences in ability. All are entitled to the development of knowledge, understanding, skills and attitudes. To enrich the curriculum for our children, we also offer a range of educational visits and other activities that add to what they learn in school.

Organization

Within each year group's programme of work, teachers plan educational visits and activities to support the children's learning. A pre-visit to the location in order to complete the Risk Assessment must be undertaken. Risk assessments are completed online using the Evolve website www.oldhamvisits.org.uk

See Appendix A for checklist of attachments to include when submitting a visit to Evolve.

Roles and Responsibilities

Group Leader

It is the responsibility of the Group Leader to:

- Carry out a pre-visit to venue(s)
- Complete the Visit Leader Checklist (**Appendix B**) to ensure that they are a suitable visit leader

- Ensure that suitable Evolve submission is made, making sure that the appropriate paperwork is in place (see checklist in **Appendix B**, see **Appendix G** for sample risk assessment)
- Ensure that correct staffing ratios are in place
- Clearly define each group supervisor's role, including the appointment of a deputy, ensure that all tasks have been assigned and brief group members, supervisors and parent helpers as appropriate (see Visit Checklist). *This includes ensuring that group supervisors have details of the school contact and emergency procedures.*
- Ensure that an Emergency Card has been completed and is taken on all trips (**Appendix E**)
- Make sure that a suitable Plan B is available (including having available funds as necessary)
- Ensure that adequate first aid provision will be available (including having a member of staff with an up-to-date first aid certificate)
- Complete an evaluation of the trip on Evolve.

For Residential Visits,

- Ensure that home contacts (Head or Deputy) have a copy of emergency contact numbers and Emergency Card (**Appendix E**)
- Have parents' permission to administer non-prescribed medicines (**Appendix F**)

Teachers and Teaching Assistants

- Teachers must do their best to ensure the Health and Safety of everyone in their group and act as any reasonable parent would do in the same circumstances.
- They should follow the instructions of the Group Leader, adhere to the risk assessment agreed and help with control and discipline.

Adult Volunteers

Non-teacher adults should be clear about their roles and responsibilities. Adults acting as supervisors must:

- Do their best to ensure the Health and Safety of everyone in their group.

- Not be left in sole charge of pupils except where it has been previously agreed as part of the Risk Assessment.
- Follow the instructions of the Group Leader and teacher supervisor's and help with control and discipline.
- Read - Advice for Trips Handbook.

Pupils

The Group leader should make it clear to pupils that they must follow the instructions of the leader and other supervisors, including those at the venue of the visit. The safety of pupils is paramount at all times. Children will wear hi-visibility jackets to make themselves recognisable to our staff.

Charging

In schools, the education provided wholly, or mainly during school hours is free. This means that we do not charge parents for any visit that takes place during school hours. We do, however, ask parents for a voluntary contribution in order to assist with the costs of the visit.

Unfortunately, in the last resort, we reserve the right to cancel the visit if insufficient voluntary contributions are made.

Insurance

Insurance cover for day trips is automatically included under the school's general 'Personal Accident for Children Policy'. This covers children for personal accident benefits should they sustain an injury on or off school premises.

For trips including an overnight stay a 'School Journey Insurance' policy will be taken out.

Insurance-related paperwork for all visits (including residential trips) is now completed via Evolve.

First Aid

First Aid should form part of the Risk Assessment. The group leader should ensure that a qualified first aider is part of their party, who should have a good working knowledge of first aid and who will ensure that an adequate first aid kit (including the school inhaler) is taken on the visit, is with the party at all times and is named on the risk assessment. (See list of First Aiders on staff room wall). An example of what a first aid kit should contain is included in **Appendix H**.

Supervision

Under normal circumstances for visits to local sites, museums, walks etc. the ratio in the Foundation Stage is 1 adult to 3 pupils. Other classes - the ratio is at the school's discretion and the nature of the trip.

Parents (including staff) should never have their own children in their groups.

Any visit involving a higher risk will need a greater level of supervision; this will be indicated on the Risk Assessment form.

In addition to the teacher in charge, there should be enough supervisors to cope effectively with an emergency. Residential trips may need a higher level of supervision.

Permission to attend trips with a higher risk (such as Year 5's residential to Robin Wood) will be taken to the governors. On residential trips where a mixed group will be accompanied by female staff only, governors must also be made aware of this.

Parents & Volunteers

Parent and volunteers should be carefully selected and well known to the school. For the protection of both adults and pupils all adult supervisors should ensure that they are not alone with an individual pupil wherever

possible. All parents and volunteers are informed of the expectations and the restrictions of their role prior to the trip.

The Trip Itself

Preparing Pupils

- Pupils should understand clearly what is expected of them and what the visit will entail.
- Good standards of behaviour are expected at all times and rewards and sanctions will apply as if at school.

Head Counts

- All supervisors should carry a list of pupils (which includes home telephone numbers) and adults on the visit. Pupils should be able to be easily recognised e.g., wearing school uniform but must not wear name badges.
- The Group Leader should ensure that regular head counts take place (particularly when leaving the venue), establish rendezvous points and tell the pupils what to do if they become separated from the group.

Pupils with SEND or Medical Needs

Special attention should be given to appropriate supervision ratios and additional safety measures may need to be addressed at the planning stage if pupils with more complex SEND and/or medical needs are to be present on the visit.

All teachers supervising visits should be aware of a pupil's medical needs and any medical emergency procedures.

Teachers should ensure that any necessary medication e.g., inhalers, epi pens etc. are with them at all times. They should check that this is in school before the day of the trip.

Informing Parents

Parents should be informed in writing of any off site activity or visit unless it is a regular part of the school curriculum which parents have already been informed about through the school prospectus or letter.

Parental consent needs to be given for all other visits and a parental consent form must be completed for each pupil in the group. After the trip all permission slips are shredded.

Transport

In order to ensure that the coaches used for visits are suitable and conform with legal requirements, our policy is to use a local reputable firm for all school visits, except where the purpose of the visit is to use public transport, or where the LA hires coaches on behalf of the school e.g.: to take pupils to swimming lessons. A standard Risk Assessment applying to all travel by coach has been carried out.

Keeping in Touch

The Group Leader should ensure that routine contact is made with school regularly during the visit, e.g.,

1. On arrival at the venue.
2. During the break for lunch.
3. On leaving the venue - this should include an approximate time of arrival at school.

Further call(s) should be made if arrival at school is likely to be delayed.

Emergency Procedures

The Group Leader must ensure that all members of the group know what action to take if there is a problem.

The Group Leader must ensure that a complete list of children (together with their emergency contact numbers and medical needs) is available at all times. A copy of this must also be left in school and should be taken home by The Head Teacher / EVC for visits which fall out of school hours. They must also have a copy of Emergency Card (**Appendix C**) with them.

The Group Leader must have their own mobile phone with them at all times and must ensure that there are at least 2 school-based contacts available for the duration of the visit i.e. office, Head, Deputy, in case of an emergency.

Data Protection

Consent forms with parental contact details and medical information may be sent into school for each trip or out of school activity. The School Administrator (Head teacher or Deputy Head teacher if it is an out of school trip e.g. residential) and Trip Leader will keep copies of this information for the duration of the trip. Once the trip is over all forms will be shredded.

This policy will be updated every 3 years.

APPENDIX E
Emergency Card (Home Contacts)

For visits that take place outside normal establishment hours.

This 'card' or equivalent must remain with the establishment emergency contact(s) at all times, if access to EVOLVE is not possible.

The establishment's Emergency Home Contact(s) should have all visit information, including itinerary, venue details, names, medical information and emergency contact details for all participants including staff.

In the event of being contacted by the Visit Leader (or other member of staff involved in a visit), you should:

- Confirm the phone number (s) at which the caller can be contacted back on;
- Note their location;
- Determine the nature of the emergency;
- Determine the type of help required.

If the incident does not involve serious injury or fatality, and/or is not likely to attract media attention:

- Provide the required assistance if possible;
- Seek further advice or pass on details to other establishment contacts who may be able to assist.

If the incident does involve serious injury or fatality, and/or is likely to attract media attention:

- Inform the Visit Leader that someone will phone him/her back within 30 minutes;

It is the responsibility of the Visit Leader to contact the LA. However circumstances may prevent this. If you are not 100% positive that the LA has been contacted, please contact Oldham Council 0161-633-1803 and state that you require immediate assistance from the Emergency Response Team. Give brief details of the incident.

- You should also contact the Head of Establishment (if this is not you);
- The Head of Establishment should consider the appropriate time to contact the parents of the participants involved on the visit. Advice and support can be sought from the LA in dealing with this.
- The Response Team will form a continuous link with the affected group, and depending on the level of emergency will send a senior officer to the incident location. The Response Team will direct all actions; provide links with the media, rescue agencies, tour operators, insurance companies, etc. As appropriate the Response Team would arrange for the return of the party or arrange other transport where required;
- You will be provided with a dedicated number to refer all press, media, parental, or other enquiries to the LA and for continuing contact with the LA during the incident.
- The LA will give accurate and periodic information through press releases, will arrange interviews, and will attempt to reduce media pressure from the incident, establishment, and parents. If appropriate, support and counselling will be arranged for families, participants and staff.

APPENDIX F
**USE OF NON-PRESCRIPTION MEDICINES ON SCHOOL
RESIDENTIAL VISITS**

TO BE PUT ONTO HEADED NOTEPAPER

Dear Parent,

During our forthcoming residential visit to, we will be taking every precaution to ensure the health, safety and welfare of your child. All foreseeable hazards have been risk assessed and measures put in place to minimise any remaining risks.

However from time to time, children do become ill on school visits (usually during the night!) and as we retain 'duty of care' throughout the visit, we would not wish to see a child suffering as a result of minor, but distressing ailments such as headaches, stomach upsets, bites and stings.

With this in mind, we would request that you give your consent to the group leader administering non-prescription medicines on the visit. **This would be limited to medicines available 'over the counter' at Boots and given in the recommended dosages as stated on the packaging.**

We intend to take the following Boots brand medicines with us and therefore we ask you not to send your child with any non prescription medicines:

Permission given? (Please tick)

Paracetamol	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>
Pills for diarrhoea	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>
Insect bite and sting cream	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>
Adhesive plasters	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>
Antiseptic cream	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>

Please note that we are not permitted to use aspirin.

Please sign and return this letter, having indicated which of the above items (if any) you wish your child to be given, if required.

Any such medicines administered will be recorded and details supplied to you on our return and of course, professional medical advice will be sought if appropriate.

Please note that if your child will need to bring any prescription medicines these must be properly packaged and labelled, with information regarding prescribed dosages and times, and given to the group leader.

Yours sincerely,

Visit to Robin Wood (Dobroyd Castle) Todmorden

I give/do not give permission for my child to be given medicines as indicated above should a member of school staff deem it beneficial to his/her health, safety and welfare. (Please delete as necessary)
